

Chris Charter

Practice Head, Director

Chris Charter is a Director and Head of our Competition Law practice. Chris has over 20 years' specialist experience in African anti-trust and has advised numerous blue-chip South African and multinational businesses on all aspects of competition law compliance, including merger control, prohibited practice investigations, interim relief and litigation, and market inquiry work.

Chris has advised in mergers involving major South African listed companies and has advised a number of global companies in obtaining South African and African regulatory clearance in respect of multinational transactions. He and his team have extensive experience in a number of African jurisdictions including COMESA.

About Chris

After time spent at Price Waterhouse Coopers London, Chris began his legal career at Cliffe Dekker (now Cliffe Dekker Hofmeyr) in 2001. He has been a Director since 2007.

News

[Final revised Public Interest Guidelines: Commission doubles down on ownership requirements for mergers](#)

On 20 March 2024, the Competition Commission (Commission) gazetted its final Revised Public Interest Guidelines relating to merger control (PI Guidelines). This followed an initial draft published for comment in October 2023 (see our previous alert on the draft revised PI Guidelines [here](#)).

[Many hands make 'light' work: Draft block exemptions for energy suppliers and users published](#)

With (another) national state of disaster in place since 9 February 2023, on 8 March 2023 the Department of Trade, Industry and Competition (DTIC) published for public comment draft block exemption regulations for energy suppliers and energy users (exemptions). "Suppliers" are any person or firm that supplies energy and related products and services. These include all forms of energy supply, related products (such as inverters or generators), inputs (such as coal) or services (such as storage or installation) in the supply of energy to users. "Users" are any person or firm that uses any form of energy supply.

[Robust intervention recommended in the Commission's preliminary report on the online platform inquiry](#)

On 13 July 2022, the Competition Commission of South Africa (Commission) released for public comment its provisional report (Report) following a 14-month inquiry into the online platforms market (the Inquiry). The document is comprehensive and ambitious in equal measure and reveals the regulator's fervent intention to take meaningful steps to regulate business practice in the digital space.

[Practical considerations when enforcing pledges and cessions of shares](#)

When providing funding to a borrower, lenders will typically require some form of collateral or security as credit support for the funding to be provided. One form that the security can take, is a pledge and cession by the borrower (or by a related party) of the shares that it holds in underlying subsidiaries or investee companies.

[Where there's smoke, there's fire: The Competition Appeal Court clarifies when you have exited bid-rigging cartel](#)

On 10 February 2022, the Competition Appeal Court (CAC) in the case of Cross Fire Management (Pty) Ltd v The Competition Commission of South Africa Cross Fire Management (Pty) CAC Case Nr. 192/CACFeb21 provided some clarity on when a party should be judged to have extricated itself from a bid-rigging cartel.
