[CDH has deployed the two industry-leading GenAI legal platforms: Harvey and Legora](#)

As one of Africa's leading law firms, Cliffe Dekker Hofmeyr (CDH) is committed to understanding our clients' business needs and delivering exceptional value in an efficient and competitive manner. To achieve this, we combine the expertise of our legal practitioners with technological advancements in Generative Artificial Intelligence ("GenAI") in order to achieve time and cost efficiencies for the benefit of our clients, whilst maintaining the quality of service and precision that our clients have become accustomed to.
