News

[Revised Social Housing Grant Quantum](#)

On 7 September 2023, the Social Housing Regulatory Authority (SHRA) issued a circular advising interested parties of the applicability, and implementation, of the adjustment to the quantum of the Consolidated Capital Grant (CCG), as announced by the Minister of Human Settlements on 31 March 2023.

[Insurance perils and more...](#)

The recent floods in KwaZulu-Natal have triggered many insurance claims against insurers for losses suffered in connection with perils insured under a contract of insurance.

[Cell captive insurers: The insurance of first party vs third party risks in cell structures](#)

In our pilot article "When being 'captured' is not a dirty word" published in March 2020, we briefly touched on the regulatory landscape relating to the conduct of insurance business by cell captives, particularly the extent of compliance by cell captive insurers with the Insurance Act, 2017 (Insurance Act), which ushered in the codified regulation of cell structures.

[When being 'captured' is not a dirty word](#)

The hive of activity surrounding the radical transformation of the South African financial services sector ushered in certain stringent supervisory measures for regulatory oversight of the insurance market. Such recent activity includes a focus on the regulation of the conduct of insurance business by cell captives, in particular, in the third-party cell captive insurance space.
